Dear Yanya,

The sun shone on the first ever DART Fun Run, and riders from across the state ventured into the unknown. What's DART, what's a Fun Run and what's with the game boards set up around the Quaker Steak and Lube parking lot? Motorcycle riders are an adventurous lot. Not knowing the answer to any of these questions they arrived in droves. In the end they learned about DART, they visited animal shelters in the bay area, played the carnival-style games, and had FUN while supporting Bay Area DART. Some won prizes and some won cash but the big winners on Sunday were the animals.

Bay Area DART is your Disaster Animal Response Team. The hurricane season is upon us and DART works with the Pinellas County Emergency Operations Center. When a disaster strikes, DART members move quickly to assess the damage and evaluate the impact on animals, and then provide the most appropriate support to the community.

Thank you for your contribution as a sponsor of this event. Without your generosity and that of our other sponsors, we could not have achieved the level of success we are now enjoying.

Sincerely,

Laura Fletcher-Taylor  
Bay Area DART  
Logistics Coordinator
